The Buddy Program Flag Project

In the spring of 2015, Little and Big Buddies were invited to help create the first annual Buddy Program Flag, in a series of collaborative artistic workshops led by Los Angeles-based artist Janet Roberts and Roaring Fork Valley-based designer Deborah Daine. The goal of the project was capture the essence of the Buddy Program through art. Little and Big Buddies created their own piece of the flag that represents their vision of the Buddy Program and all the ways the Buddy Program makes a difference in their lives.

The Buddy Program Flag, entitled "Hearts United" was featured in The Bash's Live Auction, where 28 patrons pledged \$2,000 each so that the flag and its inspirational message can be displayed and enjoyed by the public at Aspen Valley Hospital. There will be a dedication ceremony later this fall when the piece is placed at Aspen Valley Hospital.

The Buddy Program serves over 1,000 youth and their families a year through our five youth mentoring programs. All of our high quality programs and services are provided at no cost to all of our participants. *This is only made possible through YOUR generous support and the support of our community. If you have not had a chance to support the Buddy Program and the youth we serve, please considering making a gift to today.*

Thank you to everyone - supporters, volunteers and friends -- who help us empower youth through mentoring experiences. Without your support, we could never do so much for our community's youth!
