Mentorship

By Sarah Kuhns, Program Director for Buddy Program

Mentoring brings us together - shares generations, class, and often race. It is a relationship built on trust, respect, and our interdependence, to appreciate, to learn from, to grow from. In the end we are caught in an inescapable web of mutuality, tied in a single garment of destiny. In this way mentoring is a powerful way to address the essential task of enhancing and reinvesting community, while simultaneously serving the important role for each of us of 'I – Thou'.

- Mentoring: A Call to Action

The effects of mentorship are subtle and very often slow to manifest. Each mentor has a unique story to tell, one that comes from an experience with a child that changed them. Each mentor received impact on a personal to life. Each mentor has a story to tell about children and youth.

Hi Janine!

Although it won't be official until the solstice on June 21 at 5:04 pm GMT for those of you following closely, summer has arrived in Aspen, with warm temperatures and the Aspen Ice Garden now closed for the season. Meanwhile Day Jam and Ute City Festival are the first of many festivals to take place, getting well out of the urban grind across the Colorado River to Aspen Meadows.

I hope that several of those activities for you involve the Buddy Program! We have four big events coming up in the next 30 days:

1. Community Day, June 29th, all day up and down the valley.
2. Kids Race, July 2nd, 10 am, Rio Grande Park.
3. Fireworks, July 5th, 9 pm, Rio Grande Park.
4. Math by the Buddies, July 5th, 6 pm, Rio Grande Park.

Please see the attached flyer for more information on each event (click on it to zoom for full-text).

It is an exciting time for us, and also the week where we raise the majority of our annual budget. I hope you will come out and support us.

Hope to see you soon!

Best,

Sarah Feingold

Inspiring Youth to Dream Big

By Lindsay Lahey, Director of Programs

At the Buddy Program, our tagline is Empower. Inspire. Mentor! When 2 Warren Wilson College students, Jessica Hernandez and Jessica Ortega, **DREAM BIG!** We want to expose them to new and exciting opportunities and help them to see that they can do anything they put their minds to. Scholarships for extracurricular activities and traveling is quite a "typical" Buddy Program activity, but we've never had a request to go to Alpine Meadows. Perhaps the biggest dream that we want them to achieve is the dream of graduating from college. Some of the schools we visited on the Schedule through our generous donors to host a **Continuing Education Scholarship Dinner** to help our youth in our programs to help them with their college dreams.

In 2013, the Continuing Education Scholarship Committee - Alex Kosloski from Aspen Skiing Company, Jeff Kuhnhen from Aspen Ice Garden, and Sarah Kuhns from Buddy Program - met to review applications from 10 high school juniors with passion from continuing education and Northern University of Nevada. Each student received a scholarship of $1,000 to be used for any post-high school education. Our goal is to raise $10,000 per year so that we can award another five scholarships per year and help our youth pursue my dream to work in International Affairs, but to also be able to help others achieve their dreams.

As we prepare for our fundraising season at the Buddy Program, we want to thank all of the donors who allow our staff and volunteers to inspire our youth to DREAM BIG and achieve these dreams!

Thank You "Family Night Out" Hosts
